

Since 1970 Schneider Packaging has been a premier automation company with a customer centric approach to designing the impossible.

### Experience the Schneider Difference:

- » Pre-sale engineering support (conceptual drawings, robotic simulations, product testing)
- » On premise robotic training
- » 24/7 technical support
- » Aftermarket support with preventative maintenance subscriptions and parts replenishment
- » Proprietary technology:
  - » Intelligent Illumination™
  - » OptiStak
  - » ProAdjust®

Contact us to learn how our technologies decrease your total cost of ownership, simplify programming, and proactively monitor your operating efficiency.
